

## Food For All Covid-19 Response Initiative

Since the start of the UK lockdown, we have been feeding those most badly affected by the virus - the elderly, families and vulnerable people in isolation.

We produce thousands of healthy, nutritious **vegan** meals each day in our Holborn kitchen. These are currently delivered to numerous food banks, distribution hubs and mutual aid groups across London.

We also run several distribution hubs ourselves. From these hubs, people can collect hot meals and other food items from us daily, whilst volunteer riders deliver meals to numerous homes.

### How to get supplied with our free meals

In order to apply, all you need to do is **complete [this form](#)** which will give us all of the information we need to start supplying you with fresh, vegan meals.

Our bulk delivery capabilities are limited, so we would ask new hubs, if possible, to collect from our kitchen at **Plumtree Court, Holborn, EC4A 4AU**. Couriers can be arranged on request, but all expenses will be forwarded to the hub to cover. To discuss delivery logistics further, please contact Lawrence on the email below.

Our service operates 6 days per week, **Monday - Saturday** and meals are usually ready for collection by **10:30am**. We can supply meals as many days as required, provided the logistics of collection/delivery are arranged. **Our service is free**, but any contributions are welcomed and you can [donate here](#).
